

Datum's TekStak™ II features individually locking compartments for safe storage and charging of a wide array of personal items and equipment, such as electronic devices, wallets, keys, weapons, and other small items of value. TekStak II includes one AC outlet and two USB ports per compartment that can be used to charge laptops, cellphones, tablets, e-readers or other electronics while stored inside.

## FEATURES

- 5, 8, or 10 compartments
- Device types: iPad, Chromebook, laptop, tablet, e-reader, cellphone
- 10' power cord
- Standard grommet hole in each shelf and rear of unit permits networking cables to reach each compartment
- Optional pedestal base with shelf raises off the ground for additional storage
- Optional charging window allows viewing of devices without opening doors
- Optional floor mounting plate secures unit to floor or table surface
- 90 degree door hinges prevent blocking compartment access
- Locking options: key, advanced key, hasp, or programmable digital lock
- Optional laminate top for additional workspace
- Ventilation keeps electronic devices from overheating
- TekStak is constructed of a heavy-duty steel with powder-coated finish
